EDUCATION

- **PhD in Machine Learning, Purdue University** West Lafayette, IN
Department of Computer Science; Advisor: Dr. David F. Gleich 2019 – 2023
- **MPhil in Data Science, Peking University** Beijing, P.R. China
Academy for Advanced Interdisciplinary Studies; Supervisor: Dr. Zhanxing Zhu 2016 – 2019
- **BEng, Shandong University** Ji'nan, P.R. China
Computer Science and Technology, Taishan College* (Honors School); GPA 85.93/100 2012 – 2016
* **Top-notch Undergraduate Training Program by Ministry of Education, P.R. China**
- **BEcon, Shandong University** Ji'nan, P.R. China
Finance (Minor), School of Economics; GPA: 4.47/5 2014 – 2016

RESEARCH EXPERIENCE

- **LIX, École Polytechnique & Inria** Palaiseau, France
Research Intern Jun. 2018 - Sept. 2018
 - **Machine Learning Attacks to Location Privacy**
Research Project (supported by team Comète, EP), under the supervision of Prof. Catuscia Palamidessi.
Developed a model of adversary that uses machine learning to learn about the geographical data collected from users of location-based services and the corresponding privacy mechanism, and then performs its attack on users' location privacy.
- **Center for Data Science, Peking University** Beijing, P.R. China
Graduate Research Assistant Jan. 2017 - Aug. 2019
 - **Traffic Prediction with Deep Spatial Temporal Graph Neural Networks**
Research Project (supported by Deep Learning Lab, PKU), under the supervision of Dr. Zhanxing Zhu.
Designed a general deep learning framework, Designed a fully integrated graph convolutional neural network to precisely model the topology of the road network and then accurately forecast the future traffic condition (speed, flow or volume) of the network through space-time series in the mid-and-long term.
- **School of Computer Science and Technology, Shandong University** Ji'nan, P.R. China
Undergraduate Research Assistant Jan. 2016 - May. 2017
 - **Hotspot Prediction Based on Temporal Trajectory and Social Attributes**
Research Project (supported by Database Lab, SDU), under the supervision of Prof. Yang Liu.
Proposed a location-vector embedding framework (Loc2vec) to predict the geographic hotspot in a certain area and explore its semantic meaning based on temporal trajectories, which are linked in a chronological order through users' check-ins gathered from location-based social networks.

PUBLICATIONS & MANUSCRIPTS

- Bing Yu*, **Haoteng Yin***, Zhanxing Zhu. ST-UNet: A Spatio-Temporal U-Network for Graph-structured Time Series Modeling *arXiv preprint arXiv:1903.05631* (* equal contribution)
- Bing Yu*, **Haoteng Yin***, Zhanxing Zhu. Spatio-Temporal Graph Convolutional Networks: A Deep Learning Framework for Traffic Forecasting. *The 27th International Joint Conference on Artificial Intelligence (IJCAI '18)*. Main track. (* equal contribution)
- **YIN Haoteng** and LIU Yang. Semantic analysis of spatial temporal trajectory in LBSNs. (in Chinese) *SCIENTIA SINICA Informationis* 47(8), 1051-1065(2017). DOI: 10.1360/N112016-00310 (**Best Paper Award**)

RESEARCH INTERESTS & SKILLS

- **Interests:** Machine Learning, Deep Learning, Graph Analysis.
Topics in Structured Deep Models (graph-structured data, spatio-temporal time series); Privacy & Security (location privacy, adversarial machine learning) and Matrix Computation.
- **Languages:** Chinese (native), English (professional working proficiency, OEPT certified)
- **Programming:** Proficient in Python, Java, TensorFlow, PyTorch, L^AT_EX, Git
Experienced in C/C++, Julia, R, MATLAB

SELECTED HONORS & AWARDS

- Academic Excellence Scholarship, Peking University (~8%) *Oct. 2016, Oct. 2017, Oct. 2018*
- The 35th International Conference on Machine Learning (ICML '18) Student Volunteer Award *May. 2018*
- The 2nd DiDi-IEEE Elite Forum Extraordinary Potential Award (2/39) *May. 2018*
- École Polytechnique International Student (Intern) Fellowship *Mar. 2018*
- Schlumberger HackPKU the Most Technical Difficulty Award (Team Leader) *May. 2017*
- Guanghua-Yintai PKU Social Innovation DO Camp Scholarship (€1,600) *Jan. 2017*
- The 5th National Conference of Social Media Processing the Best Paper Award (1/25) *Oct. 2016*
- AK BARS Bank the Best Ideas for Banking Business *Jul. 2016*
- The Best Show Prize for the 3rd Taishan College Academic Forum *May. 2016*
- The Third Prize Excellent Student Scholarship, Shandong University *Dec. 2013, Dec. 2014, Dec. 2015*
- Taishan College International Study Scholarship (¥33,000) *Jun. 2015*
- The Second Prize for the 1st Taishan College Academic Forum *Mar. 2014*
- The Provincial Second Prize for the China Undergraduate Mathematical Contest in Modeling *Dec. 2013*
- The Second Prize Excellent Student Scholarship, Shandong University *Dec. 2012*

TEACHING & PROFESSIONAL SERVICE

- Graduate Teaching Assistant - CS242 Introduction of Data Science *Fall 2019*
- Journal Reviewer - ACM Transactions on Spatial Algorithms and Systems *Dec. 2018*
- Student Volunteer - The International Machine Learning Society *Jul. 2018*
